Summary

I am eager to launch my career as a web developer. Proficient in HTML, CSS, JavaScript & also with advance knowledge of data structures and algorithms, I have hands-on experience in creating responsive and visually appealing websites. My academic projects showcase my ability to collaborate in a team, problem-solve, and adapt to emerging technologies. Adept at learning quickly and passionate about staying updated with the latest web development trends, I am seeking an opportunity to contribute my skills and enthusiasm to a dynamic team.

Skills

C++ (Advance) JAVA (Intermediate) QOPS Data Structure & algorithms DBMS OS VS CODE .
